

## Solutions for Business

Funded by  
government

### Green pledge

*I know that my everyday business choices have an impact on the global environment, on people inside and outside my office, and on my bottom line.*

*I understand that in many cases, a good choice for the environment also makes good economic sense, and can positively affect the health of the people with whom I work.*

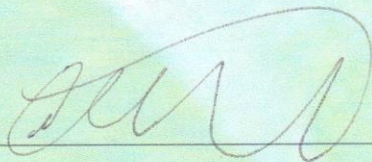

*I'm ready to commit to a greener, healthier, more profitable office.*

*I pledge to implement as many of the following green office strategies as possible.*

*I pledge to attend the green business club's monthly meetings for a year.*

*I pledge to ensure that all staff contribute to the following green office strategies.*
