

Waste King's leisure contract

RECYCLING specialist Waste King has become a preferred supplier in the UK to eight of the David Lloyd Leisure Group (DLL) sites.

DLL operates 78 clubs in the UK as well as a further 10 sites across Europe. The company, in Homefield Road, Hemel Hempstead, is working to remove waste materials from its clubs.

Jo Farren, operations manager of David Lloyd Sudbury Hill, said: "Waste King provides a swift, efficient and thorough service. The Waste King team are polite and helpful, with the work carried out within days of order.

"The whole service of collection – with manpower included – costs our business less than a standard skip. So it's a win-win situation for us."

Glenn Currie, from the

Andy Cattigan and Glenn Currie, of Waste King

company, said: "This means there are no skips on DLL Group's premises.

"Moreover, DLL staff don't have to lift or move heavy

waste items. Our staff do all of that – and we are able to separate the waste into loads that can be recycled in an environmentally friendly way."
