

# Great value Waste Bags

## A convenient solution for smaller loads

When you're clearing out a home or yard, it's unlikely that you'll have enough trash to fill a regular skip, which is where waste bags come in handy. They're ideal for disposing of waste in smaller amounts, but they'd be too much for most wheelie bins!

A flexible and convenient alternative to a skip, waste bags can take a wide range of waste, from household clutter to garden and building waste. When it is time to collect your waste, our team will do all the heavy lifting to get your waste bag back to our site where we can easily dispose of and recycle your waste products.

As well as offering an easier way to handle your larger household waste, our waste bags are also recyclable and re-useable themselves, which can help to reduce the amount of extra waste going to landfill sites.

of all your waste is re-cycled at  
our OWN waste transfer station  
reducing waste to landfill

### Perfect for use at home or work

Waste bags to remove your trash are a helpful and handy method to safely dispose of your home rubbish. Our bags are made of sturdy and long-lasting woven polypropylene, making them a fantastic alternative for general domestic or garden waste that is too big to fit into a regular dustbin.

We collect and recycle as much of the contents as possible after you've packed your bag.

### Choose the waste bag that suits your needs

#### 1.2 yard Midi Bag (small)

Size: 90cm x 90cm x 110cm

#### 1.5 yard Megabag (medium)
